<p>On 02/21/18 at 1945 hours I was notified of this SERT activation. A SERT activation was already in place for this day due to my participation in cadet active shooter training, therefore, no supervisor notification was made and my schedule was not changed.</p> <p>On 02/23/18 at 0400 hours I arrived at the PSP Troop M, Belfast station where I attended a briefing for this pre-planned warrant service. During the briefing I was assigned as the third point with Cpl. Michael LANG as my cover. Our intended area of coverage was to be the second floor of the structure. Following the briefing I equipped myself with my issued ballistic shield and glock pistols. I then participated in rehearsals of the service of this warrant in the parking lot of the PSP Belfast station. Upon completion of all rehearsals, I entered the utility van for transport to the target residence. Upon arrival at this location, I approached the one side of the residence and, following a successful breach of a one side man door by other SERT members, I entered the one side. Once inside of the exterior door, I continued through a secondary interior door while traveling towards the three side. I then located a closed door to the left of other doors, which I kicked open and located a white male next to the bed within. This male was secured by me with flex cuffs. As the remainder of the room was cleared, I located a closet within this room which appeared to contain marijuana grow equipment and loose marijuana. A safe was also observed within this room. I remained in this room with the male subject until the arrival of investigators. After cutting the flex cuffs off of the male, he was secured with handcuffs by an investigator. I then exited the residence and returned to the utility van for transport back to the assembly point.</p> <p>I attended a debriefing of this warrant service at the Belfast station and was dismissed at 0730 Hrs.</p>
